EDUCATION

Bachelor of Technology , Government Engineering College, Ajmer	2023-2027
Discipline- Information Technology	
Higher Secondary Schooling , Mayoor Shikshan Sansthan Sr. Sec. School, Balotra	2023

RELEVANT COURSEWORK

Data Structures, Object-Oriented Programming (OOP), Database Management System (DBMS)

TECHNICAL SKILLS

Programming Languages & Web Technologies: C, C++, Java, Python, SQL, HTML, CSS

Libraries & Frameworks: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, Flask

Databases: MySQL

Tools & Platforms: Git & GitHub, VS code, Jupyter Notebook

Machine Learning: Data Preprocessing, EDA, Linear Regression, Logistic Regression, Naïve Bayes, KNN, Decision Trees, Model Evaluation

PROJECTS

CreditWise Loan System

- Developed an end-to-end supervised Machine Learning pipeline to predict loan approval decisions using **KNN, Logistic Regression, and Naive Bayes algorithms**.
- Performed **data preprocessing, exploratory data analysis (EDA), feature engineering**, and **model evaluation using Accuracy, Precision, Recall, and F1-Score**.
- Built a binary classification system that analyzes applicant financial and credit-related attributes to support faster and more reliable loan approval decisions.
- Improved decision-making efficiency by identifying patterns in historical loan application data and reducing manual review efforts.

Personalized Learning Path Generator | Python, Flask, Javascript

- Developed a **web-based application** that generates customized learning paths based on user skills, career goals, and learning preferences.
- Designed **dynamic logic** to analyze user inputs and recommend structured learning plans step-by-step.
- Built the backend using **Python and Flask** to handle user requests, data processing, and plan generation.
- Implemented **responsive UI principles** to ensure smooth usability across desktop and mobile devices.
- Automated the learning recommendation process, helping users follow a **clear, goal-oriented study roadmap**.
- Gained hands-on experience in **web development, backend logic, and user-centric application design**.

ACHIEVEMENTS

-
- NSS Coordinator: Organized community service events that fostered social responsibility.
 - Training & Placement Coordinator.
 - Environment Cell Volunteer.
